2010 Legislative Conference

"Healing the System, Healing Ourselves"

May 4 & 5 • Sacramento, CA

Holiday Inn Capitol Plaza - 300 J St - (916) 446-0110

How would national healthcare reform impact our daily work as RNs?
And meanwhile, *who is taking care of nurses?*

Join us for an exciting conference full of updates on current reform efforts in Washington and Sacramento. After attending, nurses will increase their knowledge of the legislative process, and be able to develop talking points on current bills affecting nursing practice and patient care. We will learn how we can use the HIT test to benefit our patients and ourselves. Nurses will also discuss issues related to personal health maintenance and stress management, and learn to identify indicators of poor coping/increased stress.

Featured speakers: Ann Kempski, SEIU Director of Health Policy; Joanne Spetz, PhD, Associate Adjunct Professor of Community Health Systems; Robert Ferguson, M.S C.N.

I'm excited about attending the 2010 nurse conference. *I look forward to working with other nurses to educate our legislators about the needs of our citizens and helping to shape workable methods to meet those needs.*
